**CHERRY CREEK VILLAGE WATER DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation, is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Arapahoe County, Colorado. The District was established to provide water services. The District purchases water from the Denver Water Board under a master meter contract and bills its users.

The District has no employees and all operations and administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting. For financial statement reporting under generally accepted accounting principles (GAAP), the District uses the full accrual basis of accounting. Consequently the terminology of "Funds Available" is used in the budget to distinguish the difference from GAAP accounting for Fund Balance. Funds Available represents each fund's current assets less its current liabilities except for the current portion of long-term debt. In addition, the budget separates individual funds, which are included as one entity in the GAAP presentation.

Revenue

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

For collection in 2024, the District levied 2.280 mills in the General Fund.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The forecast assumes that the District's share will be equal to approximately 6% of the property taxes collected.

Water Fees

The District increased the water usage rate 5% for 2024. For budget purposes, water usage projections are based on a 5 year average.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 5%.

**CHERRY CREEK VILLAGE WATER DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Expenditures

Operating Expenses

The majority of the District's operating expense is paid to the Denver Water Board for water purchased. While there is a rate increase, the budgeted water usage is based on a 5 year average. Additional preventative maintenance has been budgeted.

Administrative Expenditures

Administrative expenditures have been provided based on estimates of the District's Board of Directors and consultants and include the services necessary to maintain the District's administrative viability such as legal, accounting, managerial, insurance, meeting expenses, and other administrative expenses.

Capital Outlay

The District is expecting minimal capital expenditures in 2024.

Reserves

Emergency Reserve

The District has provided for an emergency reserve fund equal to at least 3% of fiscal year spending for 2024, as defined under TABOR.

Debt and Leases

The District has no outstanding debt or any operating or capital leases.

This information is an integral part of the accompanying forecasted budget.

NOTICE IS HEREBY GIVEN, pursuant to § 29-1-106, C.R.S., as amended, that a proposed Budget has been submitted to the Board of Directors of the **Cherry Creek Village Water District**, Arapahoe County, Colorado, for calendar year 2024. A copy of said proposed Budget is on file in the District office located at CRS of Colorado, 7995 East Prentice Avenue, Suite 103E, Greenwood Village, Colorado 80111, where the same is available for inspection by the public Monday through Friday during normal business hours (i.e., 8:30 a.m. to 4:30 p.m.).

NOTICE IS FURTHER GIVEN that the Board of Directors of the **Cherry Creek Village Water District** will consider the adoption of the proposed 2024 Budget at a public hearing to be conducted at a regular meeting of the District's Board of Directors at the District office located at CRS of Colorado, 7995 East Prentice Avenue, Suite 103E, Greenwood Village, Colorado 80111 to be held on Tuesday, November 14, 2023 at 8:15 a.m.

If Proposition HH passes, the Board of Directors of the District intends to levy a property tax mill levy that produces the maximum revenue the District may collect within the limits established by Article X, Section 20 of the Colorado Constitution (The Taxpayer's Bill of Rights) and the 5.5% revenue limitation established pursuant to Section 29-1-301, C.R.S. It is estimated at this time that such mill levy will be 2.277 mills determined by applying a temporary mill levy reduction credit of 0.526 mills against the District's permanent mill levy of 2.800 mills to produce estimated revenues of \$86,685.

Any interested elector of the **Cherry Creek Village Water District** may inspect the proposed Budget for 2024 and file or register any objections thereto at any time prior to the final adoption of the Budget. In addition, members of the public will be given an opportunity to present testimony to the Board regarding the District's property tax mill levy at the time of the Budget Hearing.
